Applications should be submitted in the form and manner laid down in the Public Notice No. 150-ITC(PN)/50 dated 15th December 1950, so as to reach the Import Trade Controller at the port concerned not later than 15th May 1951.

**SUBJECT.**—*Import of X-ray and electromedical equipment, accessories and spare parts of electromedical apparatus etc. by the suppliers of X-ray and electromedical equipment.*

**No. 79-ITC(P.N.)/51.**—It has been represented to the Government of India that although electromedical apparatus is included in the Open General Licence, the suppliers of these apparatuses cannot get spare parts, accessories and supplies of allied nature for servicing and maintaining the existing equipments properly as these accessories, spare parts and articles of allied nature were classified under different Serial Nos. of the Import Trade Control Schedule which are sometimes licensable strictly on a quota basis or are not licensed at all.

2. With a view to maintain the operation of the X-Ray and electromedical equipment, it has been decided that the suppliers of X-ray and electromedical equipment can apply for their requirements of various articles although they may be falling under different Serial Nos. of the Import Trade Control Schedule under one application. A list of articles desired to be imported in broad categories like rotary converters, transformers, photographic tanks, transformer oil and film hangers etc. and spare parts of the equipment should all be listed and a consolidated application should be made for all these. The requirements should be certified by the All India Radiological Association.

3. On receipt of the consolidated application giving a list of the articles desired to be imported and the value of each duly certified by the Association, the Import Trade Controller at the port will grant each firm a licence for its consolidated requirements and attach the list of the articles with the licence. Where certain articles are licensed on a quota basis the reasonableness of the demand of those articles can be judged from the firm's quota in respect of that article. The quotas for those articles will be merged in the licence allowed under this Public Notice. If the firms concerned have obtained any quota licence they should mention the name of the article and the amount of quota licence allowed so that adjustments for the same can be made, if necessary.

4. Although the value of individual articles as per requirements certified by the Association will be indicated in the list of articles for which the licence is granted, the licence holders can exceed the value of individual items by 25 per cent. of the value for that item provided that the total c.i.f. value of the licence is not exceeded.

5. The suppliers of X-ray equipment can apply for double the amount of their six months requirements by attaching treasury challan for double the amount of the fee which would be payable if an application for only six months requirements were made. Licence will then be issued in terms of Public Notice No. 49-ITC(P.N.)/51 dated the 15th March 1951.

L. K. JHA, Chief Controller of Imports.

#### RESOLUTION

New Delhi, the 21st April 1951

**No. 10(2)-CT/51.**—In their Resolution No. 10(2)-CT/51, dated the 1st March 1951, the Government of India directed the Tariff Board to conduct an enquiry into the comparative costs of production of plain fabrics and Dhotis and Sarees and the element of profit which

accrues to the mills in manufacturing each of these varieties. This enquiry was ordered with a view to finding out whether the prices fixed for these sorts under the existing Tariff Board formulae were unremunerative or not. Since then the Government of India have directed the mills to utilise at least 50 per cent. of their loomage ranging from 48" to 58" for the manufacture of Dhoties and Sarees. This measure has already resulted in increased production of these sorts and the need for this inquiry has ceased. The Government of India, have, therefore, decided to drop the limited enquiry in regard to Dhotis and Sarees in consultation with the Cotton Textiles and Cotton Control Committee.

#### ORDER

Ordered that a copy of this Resolution be communicated to all concerned and it be published in the *Gazette of India*.

S. A. VENKATARAMAN, Secy.
